## **Eligibility**

Anyone 18 years and over who has completed high school may sign-up to officiate high school baseball.

Assignments are a privilege and not a right thus, they will be earned. Officials new to SNOA will be evaluated ASAP to insure they receive games, if available, commensurate with their abilities.

All baseball members will have insurance while performing his/her officiating duties. Although you may have individual health insurance that may cover you should an accident occur, for Nevada officials to receive a lower rate, the NIAA requires 100% participation. At present, the cost is \$12.00 per year and covers you for any SNOA assigned game. Further information can be obtained at [www.bollingernfhs.com](http://www.bollingernfhs.com).

Officials accepting out-of-town games as the driver will have minimum auto insurance as prescribed by the State of Nevada.

## **Evaluations**

SNOA requires that each official receive a minimum of one written evaluation per year and must be kept on file for a period of two years. The Baseball Board has set a goal of five written evaluations per baseball season. If, during the season, it appears an official may not have this goal reached, it is imperative for him to notify the assignor so that arrangements, if possible, can be made to meet our goals.

At the present time, we are using the evaluation system that is available on [arbitersports.com](http://arbitersports.com). Remember SNOA expects its members to officiate each game as if they are being evaluated.

## **Ratings**

The Baseball Board along with the assignor and baseball instructor will meet at least once per year to assign a rating to each individual active within SNOA baseball. Factors which may determine a rating are evaluations, input from school officials and coaches, fellow officials, and disciplinary hearings. Written evaluations will not be the sole determining factor for your rating.

Although every attempt will be made to keep the process as objective as possible, a member in good-standing may appeal his rating to the Baseball Board either in person or in writing. This appeal will be addressed prior to, or after, a scheduled meeting within 30 days of the appeal. Per SNOA By-Laws, if a member in good standing is still dissatisfied, that official may appeal to the SNOA Board of Ethics.

## **Compensation**

Compensation for all levels of games is set by the NIAA and contracted for with the Clark County School District and member schools of the NIAA.

Travel pay is also set by the NIAA and is subject to change.

The general policy has been that compensation earned will be the first Sunday of the month. The cutoff date is the last Saturday of the prior month.

All SNOA compensation will be distributed through Refpay. No exceptions.

Deductions that will be made from the check are, but not limited to, SNOA administration fee (assignor's fee), health insurance (mandatory), sign-up kits (rule and case books, umpire mechanics manual), and SNOA business meeting/dinner.

Further information concerning compensation can be found at [www.s-n-o-a.org](http://www.s-n-o-a.org).

## **Fines**

A list of fines will be determined by the SNOA Board of Control and incorporated in the baseball manual. Until then, fines will be determined by the assignor and approved by the Baseball Board.

## **Disciplinary Hearing**

From time to time, complaints may be registered with the baseball board or assignor by coaches, players, parents or fellow officials that may require a hearing. These hearing will take place prior to or after the regularly scheduled SNOA baseball meeting unless expediency is required. During American Legion season, as there generally limited meetings, a date will be set to address said issues.

It should be stated here that the Board may contact the official's partner as to determine what occurred and determine if there were factors that may have led up to the incident. SNOA and the Baseball Board expect officials called before the board to answer any and all questions truthfully that relate to the incident in question. Failure to do so may, in itself, lead to disciplinary action.

Results of these hearings and ensuing actions will be put in writing and forwarded to the SNOA Secretary. The resulting action of the Baseball Board may be appealed to the SNOA Ethics Committee.

## **Assignor Guidelines**

**Rating**-a yearly meeting is held to assign a numerical rating to officials who have umpired the prior season. The Arbiter system uses these rankings to assign certain games. A temporary rating may be given to a new official prior to or during the season by the assignor.

**Performance**-the ability to officiate at the rating assigned prior to the season.

**Availability**-the ability to travel to various sites and flexibility to meet varying game times.

**Longevity**-consideration should be given to officials that have been of service to SNOA in prior years.

**Scheduling**-the management of the Arbiter calendar including day/weekly blocks, game declines, and game turn-backs.

**Loyalty**-priority should be given to officials who operate in the best interest of SNOA both in baseball and sports assigned by the organization

The above listed factors are guidelines. Other situations may arise which might be included in assigning of games during the baseball season such as meeting attendance and willingness to improve.

## Baseball Board Duties

Baseball Board Duties are spelled out in the SNOA Constitution and are listed below:

The membership of each sport shall elect its own governing Board, consisting of three representatives for every sport with 150 members or fewer, or five representatives, for each sport with more than 150 members. Board members shall serve staggered three year terms. Individual Sports Board shall select one of their members each year as the Chair, who shall be the sole person authorized to represent the Board in communication to the members of the sport, and who shall vote only in the case of ties. The Board shall:

---

- a. Maintain an Officials Manual for its sport, detailing all relevant policies and procedures including those covering local rule variations, assigning, discipline, and evaluation and rating of officials. The portions of this Manual related to discipline and evaluation shall be approved by both the All Sports Board, and a majority vote of the membership of the sport present at the final meeting of the sport prior to the first regular season contest to be officiated. A subsequent vote of the members shall only be necessary to change the manual, or when no vote has been taken for three seasons. The Manual, and any proposed changes, will be made available to the members in a convenient manner at the first pre-season meeting of the sport, and will be posted on the Association web site once approved.
- b. Annually prepare the list of officials eligible to officiate playoff assignments, and recommend such assignments to the Commissioner, with the advice of the Assignor. Where reasonable, the Board shall not nominate the same official to work state finals in two consecutive years, excepting auxiliary assignments such as scoring and linesmen. The Individual Sports Board shall prepare annually a listing of all regional and state playoff games and the names of the officials who worked each game. It is recommended that this list be created in bracket format. The list will be made available in an easily accessible manner to the members of that sport.
- c. Annually recommend to the president either the retention or removal of the Assignor and Instructor for the sport. When either office is vacant, the Board shall notify the membership, and provide an opportunity for their application for the position. The Board shall interview all applicants, and recommend three qualified members to the president. If fewer than three members apply, or the Board deems fewer than three to be qualified, fewer than three may be nominated by the Board.
- d. Work to expand the opportunities of members to officiate outside of high school sports (recreation leagues, youth sports, collegiate, etc.), in coordination with the Board of Control.
- e. When more than one person is responsible for instruction, require that a meeting of all officials participating in instruction be held prior to the first instructional meeting, and that a written plan of instruction be provided to each participating official.
- f. Perform additional duties as described within the By-laws, or requested by the Board of Control or Ethics Committee.
- g. Once developed and approved, the Board will cause evaluation and rating of officials to occur. Each SNOA official is entitled to one formal written evaluation each year in each sport worked. A copy of the written evaluation will be given to the official, and kept by the SNOA for at least two years.
